

SIEMENS GIGASET SL100 HOME TELEPHONE WITH ANSWERING MACHINE

Highlights

- Color display with an icon-based menu
- SMS with up to 640 characters*
- 3 PIN-protected SMS in-boxes
- Phonebook for up to 200 entries

Description

New features and brilliant full color make the Gigaset SL100 colour easier to handle and more enjoyable to use. SMS functionality is available brings you greater flexibility for staying in touch with friends and family on the move and at home.

Siemens has integrated more options for personalization. Special ringer melodies, with 16 chord polyphonic sound quality, can be downloaded and assigned to specific numbers in the phone book, so you actually hear who is calling even before you look at the display. Melodies can be downloaded and changed as often as you like – so you can assign new signature tunes to your contacts depending on your mood.

A new headset and hands free function gives you even more freedom and mobility at home, and if you really need to finish a task while you keep talking, the Gigaset SL100 also comes with voice dialing so you don't even have to pick up the phone.

Designed to fit into a modern lifestyle the Gigaset SL100 colour cordless phone is subtly stylish thanks to understated, minimalist design – perfect for those who want their cordless phone to complement a tasteful interior.

Features

- Multiport for various accessories
- Voice dialing
- Advanced hands-free function
- Expandable up to 6 handsets
- Multiport for connecting various accessories
